

PALADIN FENCING

Strong, Secure, and Visually Pleasing Security Fencing Solution

Our Pro-Vario Fencing, also known as Paladin Fencing or Stripe Fencing, offers a formidable security solution with an appealing visual design. This mesh fencing combines high strength and durability with an attractive striped appearance, perfect for sites requiring medium security levels.

This Paladin Fencing system is a reliable, visually appealing, and durable security solution suitable for multiple sectors, offering robust protection and peace of mind. Its robust Paladin-style mesh design makes it difficult to breach, an ideal choice for schools, car parks, sports grounds, and various commercial projects.
